TITLES

A meta-analysis of peer-mediated interventions for young children with autism spectrum disorders. Jie Zhang and John J. Wheeler 62
A snapshot of secondary education for students with mild intellectual disabilities. Emily C. Bouck 399
Acquisition of instructive feedback: Relation to target stimulus. Margaret Werts, Elin Meyers Hoffman, and Cynthia Darcy 134
Addition of functional content during core content instruction with students with moderate disabilities. Belva Collins, Karen L. Hager, and Carey Creech Galloway 22
Arithmetic operations and attention in children with intellectual disabilities. Aleksandra Djuric-Zdravkovic, Mirjana Japundza-Milisavljevic, and Dragana Macesic-Petrovic 214
Avoidant attachment style indicates job adaptation of people with high functional Autistic spectrum disorders. Kenji Yokotani 291
Computer-based video self-modeling to teach receptive understanding of prepositions by students with intellectual disabilities. Linda Mechling and Jenny R. Hunnicutt 369
Correspondence between video-based preference assessment and subsequent community job performance. Robert L. Morgan and Erin L. Horrocks 52

Determining alertness in individuals with profound intellectual and multiple disabilities: The reliability of an observation list. Vera Munde, Carla Vlaskamp, Wied Ruijssenaars and Han Nakken 116

Developing the social skills of young adult special olympics athletes. Melissa Alexander, Gail M. Dummer, Ashley Smeltzer, and Stephen J. Denton 297

Developmental screening: A review of contemporary practice. Juli Pool and Jack J. Hourcade 267

Disproportionality in transition services: A descriptive study. Robert Baer, Alfred Daviso III, Rachel McMahan Queen, and Robert W. Flexer 172

Effectiveness of combining tangible symbols with the picture exchange communication system to teach requesting skills to children with multiple disabilities including visual impairment. Emad Ali, Stephanie Z. MacFarland, and John Umbreit 425

Effectiveness of instruction performed through activity schedules on the leisure skills of children with Autism. Selmin Cuhadar and Ibrahim H. Diken 386

Effects of a treatment package on imitated and spontaneous verbal requests in children with autism. Jennifer Ganz, Margaret M. Flores, and Erin E. Lashley 596

Effects of computer and classroom simulation to teach students with various exceptionalities to locate apparel sizes. Virginia Bramlett, Kevin M. Ayres, Karen H. Douglas, and David F. Cihak 454

Effects of computer-based practice on the acquisition and maintenance of basic academic skills for children with moderate to intensive education needs. Julie M. Everhart, Sheila R. Alber-Morgan, and Ju Hee Park 556

Effects of functional mobility training for adults with severe disabilities. Stacie B. Whinnery and Keith W. Whinnery 436

Effects of multimedia social stories on knowledge of adult outcomes and opportunities amont transition-ages youth with significant cognitive disabilities. Sharon Richter and David Test 410

Effects of no-no prompting on teaching expressive labeling of facial expressions to children with and without a pervasive developmental disorder. Justin Leaf, Misty L. Oppenheim, Wesley H. Dotson, Valerie A. Johnson, Andrea B. Courtemanche, Jan B. Sheldon, and James A. Sherman 186

Effects of presession satiation on challenging behavior and academic engagement for children with autism during classroom instruction. Mandy Rispoli, Mark F. O'Reilly, Jeff Sigafoos, Russell Lang, Soyeon Kang, Giulio Lancioni, and Richard Parker 607

Emergent literacy skills of preschool students with Autism: A comparison of teacher-led and computer-assisted instruction. Jason C. Travers, Kyle Higgins, Tom Pierce, Randall Boone, Susan Miller, and Richard Tandy . 326

Ganando confianza: Research focus groups with immigrant Mexican mothers. Carolina Hausmann-Stabile, Luis H. Zayas, Sandra Runes, Anna Abenis-Cintron, and Esther Calzada 3

I can identify Saturn but I can't brush my teeth: What happens when the curricular focus for students with severe disabilities shifts. Kevin Ayres, K. Alisa Lowrey, Karen H. Douglas, and Courtney Sievers 11

Improving literacy skills in students with complex communication needs who use augmentative/alternative communication systems. Rita L. Bailey, Maureen E. Angell, and Julia B. Stoner 352

Mediation between staff-elderly persons with intellectual disability with Alzheimer disease as a means of enhancing their daily functioning. Hefziba Lifshitz and Pnina S. Klein ... 106

Perceptions of supported employment providers: What students with developmental disabilities, families, and educators need to know for transition planning. Sherril Moon, Monica L. Simonsen, and Debra A. Neubert 94

Placebo medication use for behavior management in an adult with autism. K. A. Kroeger and Jennifer Brown 470

Postsecondary education for transition-age students with intellectual and other developmental disabilities: A national survey. Clare Papay and Linda M. Bambara 78

Providing choice making in employment programs: The beginning or end of self-determination? Martin Agran and Michael Krupp . 565

Research-based strategies for teaching content to students with intellectual disabilities: Adapted videos. Anna S. Evmenova and Michael M. Behrmann 315

Review of the choice and preference assessment literature for individuals with severe to profound disabilities. Christopher A. Tullis, Helen Cannella-Malone, Abby R. Basbigill, Amanda Yeager, Courtney V. Fleming, Daniel Payne, and Pei-Fang Wu 576

Review of Twenty-first century portable electronic devices for persons with moderate intellectual disabilities and autism spectrum disorders. Linda Mechling 479

Review of video prompting studies with persons with developmental disabilities. Devender Banda, Maud S. Dogoe and Rose Marie Matuszny 514

Self-management procedures: A comparison across the Autism spectrum. Candice Southall and David L. Gast 155

Simultaneous prompting: An instructional strategy for skill acquisition. Rebecca E. Waugh, Paul A. Alberto, and Laura D. Fredrick ... 528

Teaching generalized reading of product warning labels to young adults with Autism using the constant time delay procedure. Maud Dogoe, Devender R. Banda, Robin H. Lock, and Rita Feinstein 204

Teaching Money Computation Skills to High School Students with Mild Intellectual Disabilities via the *TouchMath*© Program: A Multi-Sensory Approach . Hugh E. Waters and Richard Boon 544

Teaching number identification to students with severe disabilities using response cards. Holly Skibo, Pamela Mims, and Fred Spooner 124

Teaching social skills to enhance work performance in a child care setting. Sabra Bostian Gear, Jonna Bobzien, Sharon Judge, and Sharon A. Raver 40

Ten-year Cumulative Author Index of the Journals Education and Training in Mental Retardation and Developmental Disabilities, Education and Training in Developmental Disabilities, and Education and Training in Autism and Developmental Disabilities 2001, 36(1) through 2010, 45(4). Stanley H. Zucker and Silva Hassert 619

Use of a hand-held personal digital assistant (PDA) to self-prompt pedestrian travel by young adults with moderate intellectual disabilities. Linda Mechling and Nicole H. Seid 220

Use of multisensory environments in schools for students with severe disabilities: Perceptions from schools. Jennifer Stephenson, and Mark Carter 276

Using shared stories and individual responses modes to promote comprehension and engagement in literacy for students with multiple, severe disabilities. Diane Browder, Angela Lee, and Pam Mims 339

Using simultaneous prompting to teach restaurant words and classifications as non-target information to secondary students with moderate to severe disabilities. Bethany Smith, John W. Schuster, Belva Collins, and Harold Kleinert 251

Using video prompting and constant time delay to teach an Internet search basic skill to students with intellectual disabilities. Dimitrios Zisimopoulos, Jeff Sigafoos, and George Koutromanos 238

Video modeling and prompting: A comparison of two strategies for teaching cooking skills to students with mild intellectual disabilities. Teresa Taber-Doughty, Emily C. Bouck, Kinsey Tom, Andrea D. Jasper, Sara M. Flanagan, and Laura Bassette 499
